Chief Worth Testifies No Apparatus in Department Could Have Been Used to Save Lives—Death List Still Stands at 143—Twenty Bodies Have Not as Yet Been Identified.

Democratic Senators on reaching Washington will join together for a conference, probably at a dinner to be held this week, at which they will size up their situation as a new force in the Senate and endeavor to discover among themselves just which route of polley with their older colleagues it will be advisable to follow.

The fact that at least two distinct factions have developed on the Democratic

WRITTEN BY WILLIAM C. FREEMAN.

THE BUSINESS MEN OF CAMDEN, N. J., attend an AD-VERTISING CLASS in the Y. M. C. A. every Tuesday night. On February 21-after a talk

by the speaker of the evening-

there occurred a read, old-fash-ioned "experience" meeting. It was great. One young man-very earnest, very able-a dry goods merchant, complained that he did not have the time to write his advertise-

ments as he felt they should be

written. He was asked how much money he appropriated for his advertising, and he replied \$7,000 That buys a lot of space in the two Camden daily newspapersthe rate being something like 24

cents an inch. The speaker said to him: "What you say in your advertisements will make your space valuable or the reverse.

"It is wise, therefore, to give your copy the GREATEST possible attention. If you can't do it yourself, get somebody to do it for you-to absorb YOU-to get the atmosphere of the store in the

copy.
"If you are spending \$7,000, add \$1,000 to that sum for this year; then pay \$3,000 to a good

woman-to write the copy, and spend the remaining \$5,000 for space in the newspapers. "Next year you will be able to spend about \$10,800 for advertis-

ing. This will buy you four columns in each newspaper three

hundred times. You will also be able to pay your advertisement writer \$5,000 a year. 'The expenditure of this larger sum will INCREASE YOUR BUSINESS, and the PER-CENTAGE of your gross busi-ness for advertising WILL BE

SMALLER than it is to-day. "There are in Camden and vicinity possibly 25,000 families. Your two daily newspapers reach them all. All you need to do is to get an additional \$5 a year from each family to increase your business \$125,000. "That is quite possible if you talk in a friendly, neighborly way
